SFMC Email Marketing Coordinator

SFMC Email Developer with 3+ years building AMPscript-driven templates, automations, and segmented campaigns in Salesforce Marketing Cloud. Experienced across Email Studio, Content Builder, Automation Studio, data segmentation, and deployment management for large-scale subscriber databases (1M+ records). Known for resolving recurring HTML/QA defects and stabilizing email production workflows through structured version control and precise, detail-driven builds.

CORE COMPETENCIES

Email Project Management, Audience Segmentation, Deliverability & Compliance, Data Analysis

TECHNICAL SKILLS

HTML, CSS, AMPscript, SQL, Salesforce Marketing Cloud, Adobe Dreamweaver, Microsoft 365

PROFESSIONAL EXPERIENCE

Communications Specialist (Email Marketer) | Marriott Vacations Worldwide | Jun. 2022- Mar. 2026

- Built modular email templates using HTML, CSS, and AMPscript across 10 campaigns/month, supporting targeted communications for a 1M+ record subscriber database.
- Reduced recurring HTML/QA defects by establishing a structured version control repository for design assets, cutting QA bug frequency by 70% over 6 months.
- Segmented and queried a 1M+ record database using SQL in Automation Studio to support synchronized direct mail and email outreach cycles.
- Managed deployment and stakeholder alignment across 4 concurrent email campaigns during full brand rebrand cycles.
- Accelerated 2 inherited campaign projects via biweekly stakeholder alignment sessions, delivering both one month ahead of schedule.
- Orchestrated technical rebranding of foundational email campaigns, enforcing unified visual identity and stabilizing execution quality throughout all digital touchpoints.
- Evaluated ad hoc campaign performance for biweekly stakeholder reviews, translating analytical findings into refined messaging strategies strengthening channel effectiveness and future activation planning.
